

## Fluorine Free Foam Extinguishers

Fluorine free foam spray extinguishers, (FFF), are ideal for multi-risk situations where both Class A combustible materials and Class B flammable liquid risks are likely to be found, or where Class B represents a direct hazard.

Foam spray extinguishers are especially suitable for Class B fires involving flammable liquids such as oils, spirits, fats and certain plastics. The blanketing effect of foam spray gives rapid knock down which smothers the flame and thus prevents re-ignition of flammable vapours by sealing the surface of the solution. These products contain no fluorine and are non persistent in the environment and are not considered harmful to aquatic organisms.

MODEL	FFF6/1	FFF6/2
Type	Foam	Foam
Capacity (litre)	6	6
Full Weight (kg)	9.5	9.5
Cylinder Weight (kg)	2.9	2.9
Cylinder Height (mm)	429	429
Cylinder Diameter (mm)	160	160
Minimum Discharge (s)	44	44
Temperature Range (°c)	+5 to 60	+5 to 60
Working Pressure at 20°C	12 bar	12 bar
Test Pressure	30 bar	30 bar
Fire Rating	27A:144B	21A:183B
Approved to BS EN3	Yes	Yes
Marine Approved	No	No
